

Care and Support...

...an issue for everyone.

From meals on wheels to occupational therapy, any of us might need care and support services at some point in our lives. The Government is holding a period of engagement with the public and key stake holders regarding the future of Care and Support services. Bath & North East Somerset Councillors on the Healthier Communities and Older People Panel want to feed back to the Government, on behalf of the local community, on these important issues. We would like to hear your views about the future of the Care and Support System, whether you use services now or not.

How can you have your say?

- Email us at scrutiny@bathnes.gov.uk
- Access our online consultation at <http://www.bathnes.gov.uk/consultations> and follow the links to the Care and Support review page
- Register to speak at our public meeting or come along to hear the issues on 15th October 2008
- For more information, including details of the public meeting on 15th October visit our website at www.bathnes.gov.uk/scrutiny
- Alternatively you can make your views known directly to the Government via their website at <http://www.careandsupport.direct.gov.uk>
