3. **PROPOSAL**

The introduction of a 'maintenance vehicles only' parking bay on the A37 Bristol Road.

The proposal is shown in appendix 1.

4. **REASON**

Please refer to the Statement of Reasons.

The Council has had in mind and discharged the duty (as set out in section 122(1) of the Road Traffic Regulation Act 1984) to secure the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians) so far as practicable. It has also had regard to the factors which point in favour of imposing the maintenance vehicles only parking bay. It has balanced the various considerations and concluded that it is appropriate to promote the proposed parking bay. The Council has also considered and discharged its network management duty under section 16 of the Traffic Management Act 2004. It has concluded that the proposed maintenance vehicles only parking bay is consistent with that duty, having regard to its other policies and objectives.

5. **IMPACT ON EQUALITIES**

An Equality Impact Assessment has been undertaken in relation to the introduction of parking restrictions, which is available upon request. The Council has had due regard to the needs set out in section 149(1) of the Equality Act 2010. It considers that the proposed Order is consistent with the section 149 public sector equality duty, which it has discharged.

6. IMPACT ON HUMAN RIGHTS

The proposals are considered to have a minimal impact on human rights (such as the right to respect for private and family life and the right to peaceful enjoyment of property). However, the Council is entitled to affect these rights where it is in accordance with the law, necessary (in the interests of public safety or economic well-being, to prevent disorder and crime, to protect health, or to protect the rights and freedoms of others), in pursuit of a legitimate aim and proportionate to do so. The proposal(s) within this report are considered to be in accordance with the law, necessary, in pursuit of a legitimate aim and proportionate.

First Bus - could the signs be no stopping except local buses? Stops coaches etc using them

Officer Response – The Proposal being consulted upon is for a new maintenance vehicle bay, this is not for buses or coaches, it's to enable vehicles maintaining the proposed signalised crossing to stop somewhere safe, and would not be suitable for buses to use. The bus stops are existing and are being improved and therefore no changes to the order are being carried out to facilities this request at this time.

Cllr Ann Morgan – No Comment

Cabinet Member for Sustainable Transport Delivery:

Cllr Lucy Hodge - My comment is: Please proceed.
