

# Feather Blow

## Feather Blow

- Blow a feather into my hands nice and slowly so that I can catch it.
- Encourage me to blow it back to you.
- See how many times we can blow it to each other before it drops on the floor.

*Giving me opportunities to be successful builds my self-esteem and helps me learn to persevere when things get tricky. Taking turns with you helps me practise and develop the skills I need to play with my friends.*
