Annex G amendments

Core Strategy Policies amendments appraisal matrices

Bath and North East Somerset
Draft Placemaking Plan
Main Modifications

Date
January 2017

1. Introduction

- 1.1 This Annex is an addendum to Annex G of the Sustainability Appraisal (SA) accompanying the B&NES Placemaking Plan. The Draft Placemaking Plan was submitted to the Secretary of State to be examined by an independent Planning Inspector in April 2016. The Examination hearings took place in September/October 2016. The Inspector has now written to the Council to confirm that the Examination can proceed to the consultation on the Main Modifications.
- 1.2 The screening process has identified modifications which are considered to make a difference to the SA of the Placemaking Plan (i.e. that the previous assessment of the submitted Placemaking Plan requires amendments) and are therefore considered to be significant.
- 1.3 The Core Strategy policies below are identified for reappraisal through the SA screening.

Policy B1 Bath Spatial Strategy

Policy B2 Central Area Strategic Policy

Policy B5 Bath Universities

Policy SV 1 Somer Valley Spatial Strategy

Policy RA 1 Rural Spatial Strategy

Policy RA 2 Rural Spatial Strategy (outside the GB)

- 1.4 In order to show the results of the Main Modification appraisals clearly, new text is shown underlined and deleted text is shown with ~~strike through~~ to the last published Annex G matrices to the SA Report that accompanied the submitted Placemaking Plan. This table will be incorporated to the final SA Report.

Policy No. & Title	Core Strategy B1			
SA Objectives	ST	MT	LT	Commentary
Objective 1: Improve the health and well-being of all communities	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 2: Meet identified needs for sufficient, high quality and affordable housing	0	0	0	The amendments to the policy have a neutral effect on this objective.
Objective 3: Promote stronger more vibrant and cohesive communities and reduce anti-social behaviour, crime and the fear of crime	+	+	+	The policy enables the development of a significant quantum of office floorspace to plan for the growth in the knowledge intensive and creative employment sectors. The policy helps facilitate a sustainable balance between job creation, the concerns of communities and overall functioning, performance and environmental quality of the city and its setting.
Objective 4: Build a strong, competitive economy and enable local businesses to prosper	++/?	++/?	++/?	<p>The policy enables the development of a significant quantum of office floorspace to plan for the growth in the knowledge intensive and creative employment sectors. It allows for a contraction in industrial floorspace, yet recognises the importance of maintaining a mixed economy within the city and therefore retains industrial land in the Newbridge Riverside area.</p> <p>The net outcome figures for B1 office floorspace has not changed but a further 10,000 sqm gross will be needed to achieve it. Given that the Plan is planning not to accommodate the full assessed retail capacity, nor student accommodation or teaching space in the Central Area or River Corridor, there is some negative consequences for these uses. The negative consequence of finding an addition 10,000 of office space are assessed as greater in respect of the retail impact as it represent a more significant element for what is needed and is within the same 'sequentially preferable' spatial area.</p> <p>The decision to prioritise the delivery of office floorspace over retail has been made by the Council.</p> <p><u>The submitted Plan increased the requirement for the provision for hotel accommodation responding to the latest evidence. However the Main Modifications to the submitted Plan propose to reinstate the requirement set by the Core Strategy.</u></p> <p>Mitigation Progress of development in the Enterprise Area will be monitored and reviewed as part of the Plan review process.</p> <p><u>Progress of hotel development will be reviewed through the Plan review.</u></p>
Objective 5:	++	++	++	The policy deals with an area that is well served by public

Policy No. & Title	Core Strategy B1			
SA Objectives	ST	MT	LT	Commentary
Ensure everyone has access to high quality and affordable public transport and promote cycling and walking				transport, and with increasing levels of walking and cycling. Reference is made to delivering the measures identified in the Council's Transport Strategy.
Objective 6: Protect and enhance local distinctiveness	0	0	0	The amendments to the policy have a neutral effect on this objective.
Objective 7: Protect and enhance the district's historic, environmental and cultural assets	0	0	0	The amendments to the policy have a neutral effect on this objective.
Objective 8: Encourage and protect habitats and biodiversity and geodiversity (taking account of climate change)	0	0	0	The amendments to the policy have a neutral effect on this objective.
Objective 9: Reduce land, water, air, light, noise pollution	0	0	0	The amendments to the policy have a neutral effect on this objective.
Objective 10: Reduce vulnerability to, and manage flood risk (taking account of climate change)	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 11 Increase resilience to climate change	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 12: Encourage careful and efficient use of natural resources including energy and encourage sustainable construction	0	0	0	It is considered that the amendments to the policy have a neutral effect on this objective.
Objective 13: Promote waste management accordance with the waste hierarchy (Reduce, Reuse	N/A	N/A	N/A	Not applicable to the purpose of this policy

Policy No. & Title	Core Strategy B1			
SA Objectives	ST	MT	LT	Commentary
and Recycle)				
<p>SUMMARY: The amendments to Policy B1 makes positive contributions to objective 5 making reference to the measures identified in the Council's Transport Strategy. The amendments make a positive effect on objective 4</p> <p>The policy enables the development of a significant quantum of office floorspace to plan for the growth in the knowledge intensive and creative employment sectors. It allows for a contraction in industrial floorspace, yet recognises the importance of maintaining a mixed economy within the city and therefore retains industrial land in the Newbridge Riverside area. Therefore a major effect on objective 4 'Build a strong, competitive economy and enable local businesses to prosper'. However an uncertainty effect is recorded on objective 4. By accommodating further B1 office floorspace, the policy does not facilitate to meet the full assessed retail capacity, nor student accommodation or teaching space in the Central Area or River Corridor. The decision to prioritise the delivery of office floorspace over retail has been made by the Council.</p> <p>Mitigation and enhancement Progress of development in the Enterprise Area will be monitored and reviewed as part of the Plan review process. Progress of hotel development will be reviewed through the Plan review.</p>				

Policy No. & Title	Core Strategy B2			
SA Objectives	ST	MT	LT	Commentary
Objective 1: Improve the health and well-being of all communities	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 2: Meet identified needs for sufficient, high quality and affordable housing	0	0	0	The amendments to the policy have a neutral effect on this objective.
Objective 3: Promote stronger more vibrant and cohesive communities and reduce anti-social behaviour, crime and the fear of crime	0	0	0	The amendments to the policy have a neutral effect on this objective.
Objective 4: Build a strong, competitive economy and enable local businesses to prosper	+	+	+	<p>The only amendment to this policy is a change to the quantity of additional hotel bedrooms needed to reflect updated evidence base which has a positive effect on this objective.</p> <p><u>The submitted Plan increased the requirement for the provision for hotel accommodation responding to the latest evidence. However the Main Modifications to the submitted Plan propose to reinstate the requirement set by the Core Strategy.</u></p> <p>However overall effects considering various land uses are assessed as part of Policy B1 assessment.</p>
Objective 5: Ensure everyone	0	0	0	The amendments to the policy have a neutral effect on this objective.

Objective 11 Increase resilience to climate change	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 12: Encourage careful and efficient use of natural resources including energy and encourage sustainable construction	0	0	0	It is considered that the amendments to the policy have a neutral effect on this objective.
Objective 13: Promote waste management accordance with the waste hierarchy (Reduce, Reuse and Recycle)	N/A	N/A	N/A	Not applicable to the purpose of this policy

Policy No. & Title	Core Strategy B2			
SA Objectives	ST	MT	LT	Commentary
<p>SUMMARY: The only amendment to this policy is a change to the quantity of additional hotel bedrooms needed to reflect updated evidence base which has a positive effect on this objective. However the overall effects considering various land uses are assessed as part of Policy B1 assessment.</p> <p>The submitted Plan increased the requirement for the provision for hotel accommodation responding to the latest evidence. However the Main Modifications to the submitted Plan propose to reinstate the requirement set by the Core Strategy.</p> <p><u>Mitigation</u> Progress of hotel development will be reviewed through the Plan review.</p>				

Policy No. & Title	Core Strategy B5 Strategic Policy for Bath's Universities and their impacts on the Housing Market			
SA Objectives	Short term	Med term	Long term	Commentary
Objective 1: Improve the health and well-being of all communities	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 2: Meet identified needs for sufficient, high quality and affordable housing	+/-	+/-	+/-	<p>The management of the higher education footprint within the city will enable sufficient land to be protected and developed for normal housing. The inclusion of teaching space as well as student accommodation enables the management of an additional source of conflict re achieving other objectives.</p> <p>The prioritisation of other housing types could result in shortages for students against the growth aspirations of universities (although the University of Bath could do much to correct this on-campus) and HMOs are still able to increase in certain places.</p> <p>The replacement of student HMO stock with normal housing will enable the retention of workers within the district. However, it is unlikely that replacement stock could be sourced on the edge of Bath itself.</p> <p><u>At the time of preparation of the Placemaking Plan, the Council received updated growth plans from both Universities. They are summarised in the separate Information Paper: Student Numbers and Accommodation requirements in Bath Update (May 2016). New private educational institutions e.g. language schools have also signalled a desire to increase their presence in the city. The revised growth aspirations of both universities and private colleges may result in additional pressures on the housing market.</u></p> <p>Mitigation and enhancement The policy requires that between 2011 and full Plan review the number of C3 dwellings converted to C4 Houses in multiple occupation(exempt from Council tax) to be monitored and compensatory provision will be made if the achievement for 7,000 net additional dwellings for the city is at risk.</p>

Policy No. & Title	Core Strategy B5 Strategic Policy for Bath's Universities and their impacts on the Housing Market			
SA Objectives	Short term	Med term	Long term	Commentary
				<u>The issues relating to the revised growth aspirations of the two universities should be considered as part of the future plan review.</u>
Objective 3: Promote stronger more vibrant and cohesive communities and reduce anti-social behaviour, crime and the fear of crime	+	+	+	The draft plan <u>policy</u> helps facilitate a sustainable balance between the aspirations of each university, the concerns of communities and overall functioning, performance and environmental quality of the city and its setting. PMP Policy on HMOs and Article Direction related.
Objective 4: Build a strong, competitive economy and enable local businesses to prosper	+/?	+/?	+/?	The intent is to enable the universities to meet their objectives, as far as possible subject to sustainable development caveats. This will generate skilled workers for the sub-region. The management of the higher education footprint within the city will enable sufficient land to be protected and developed for various economic sectors. The inclusion of teaching space as well as student accommodation enables the management of an additional source of conflict re achieving other objectives. The universities themselves are not regarded as local businesses in themselves, but the policy approach could have a negative effect on the institutions growth potential, and this will have and gross economic impact. However, the net economic impact depends on what land is used for if not for the higher education sector. The replacement of student HMO stock with normal housing will enable the retention of workers within the district. However, it is unlikely that replacement stock could be sourced on the edge of Bath itself.
Objective 5: Ensure everyone has access to high quality and affordable public transport and promote cycling and walking	0	0	0	It is considered that the amendments to the policy have a neutral effect on this objective.
Objective 6: Protect and enhance local distinctiveness	+	+	+	The draft plan helps facilitate a sustainable balance between the aspirations of each university, the concerns of communities and overall functioning, performance and environmental quality of the city and its setting. Policy SB.20 and 21 provide further guidance.
Objective 7: Protect and enhance the district's historic,	+	+	+	The draft plan helps facilitate a sustainable balance between the aspirations of each university, the concerns of communities and overall functioning, performance and environmental quality of the city and its setting. Policy SB.19 <u>20</u> and <u>20</u> 24 provide

Policy No. & Title	Core Strategy B5 Strategic Policy for Bath's Universities and their impacts on the Housing Market			
SA Objectives	Short term	Med term	Long term	Commentary
environmental and cultural assets				further guidance.
Objective 8: Encourage and protect habitats and biodiversity and geodiversity (taking account of climate change)	0	0	0	It is considered that the amendments to the policy have a neutral effect on this objective.
Objective 9: Reduce land, water, air, light, noise pollution	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 10: Reduce vulnerability to, and manage flood risk (taking account of climate change)	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 11 Increase resilience to climate change	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 12: Encourage careful and efficient use of natural resources including energy and encourage sustainable construction	0	0	0	It is considered that the amendments to the policy have a neutral effect on this objective.
Objective 13: Promote waste management accordance with the waste hierarchy (Reduce, Reuse and Recycle)	N/A	N/A	N/A	Not applicable to the purpose of this policy
Summary				
<p>The references to the University campuses in adopted Policy B5 were included prior to the Placemaking Plan preparation process, which has enabled site specific issue to be fully explored and polices set out. For the sake of the logical flow of the Development Plan and to avoid duplication and ambiguities, there is justification for removing campus references for Bath Spa University in CS Policy B5 –given the proposed SB19 and SB20. Policy B5 still sets out the quantum of development for The University of Bath that is anticipated to be delivered within the plan period.</p> <p>However, removing campus references also removes part of the purpose of CS Policy B5 (which was a strategic acknowledgement of the Universities and their needs /aspirations/ requirements). That would leave</p>				

Policy No. & Title	Core Strategy B5 Strategic Policy for Bath's Universities and their impacts on the Housing Market			
SA Objectives	Short term	Med term	Long term	Commentary
	<p>the Plan's text and policy framework, as a whole, deficient. Therefore, the amended policy includes a supportive policy approach to meeting the objectively assessed needs of Higher Education, qualified to acknowledge the prioritisation of other land uses that took place in the Core Strategy in relation to The Enterprise Area, City Centre and MoD sites, and environmental constraints (and thus reflecting an already adopted part of Policy B5). New wording is therefore proposed in amended Policy B5 to 'set the context for the remainder of Policy B5 and the campus specific policies that follow. This enhance the policies sustainability with regard to SA Objective 4.</p> <p>Also appraised is adjusted wording on the University related uses that are not to be prioritised in the Enterprise Area, City Centre and on MoD sites. Not only student accommodation has the potential to squeeze out other uses/objectives prioritised in these areas. Reference is therefore also proposed to be made to academic space as this reflects the full footprint of HE on the city. University B1(a) office space would not be included in this definition. This enhances the policies sustainability regarding SA Objectives 2 and 4. There may be some negative effect in relation to SA Objective 2.</p> <p>Finally, it is proposed that Policy B5 embeds within it the approach already set out in paragraph 1.26D of the Core Strategy (supporting text to CS Policy DW.1) re the need to compensate for normal houses that are permitted to change to HMOs where this would put at risk the achievement of a net additional 7,000 dwellings of the city. This is not made explicit in Policy in DW.1. Logically it fits within Policy B5. This will address SA objective 2.</p> <p>Mitigation and enhancement The policy requires that between 2011 and full Plan review the number of C3 dwellings converted to C4 Houses in multiple occupation (exempt from Council tax) to be monitored and compensatory provision will be made if the achievement for 7,000 net additional dwellings for the city is at risk.</p> <p><u>The issues relating to the revised growth aspirations by the two universities should be considered as part of future plan review.</u></p>			

Policy No. & Title	Core Strategy SV1			
SA Objectives	ST	MT	LT	Commentary
Objective 1: Improve the health and well-being of all communities	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 2: Meet identified needs for sufficient, high quality and affordable housing	++	++	++	<p>The Housing Development Boundary was reviewed to reflect existing commitments. The policy gives a clear guidance to facilitate the housing requirements for the Somer Valley contributing well to this objective.</p> <p><u>Main Modification (Jan 2016) clarifies Policy SSV1 to ensure it and Policy ED2B operate coherently and consistently. The Policy has a positive effect on facilitating residential development on previously developed sites in sustainable locations.</u></p>
Objective 3: Promote stronger more vibrant and cohesive communities and reduce	0	0	0	The policy has a neutral effect on this objective.

Policy No. & Title	Core Strategy SV1

anti-social behaviour, crime and the fear of crime				
Objective 4: Build a strong, competitive economy and enable local businesses to prosper	0	0	0	<u>The policy allows efficient use of previously developed employment land. Applications for residential development or other uses will normally be approved unless there is a strong economic reason why this would be inappropriate.</u> The policy has a neutral effect on this objective.
Objective 5: Ensure everyone has access to high quality and affordable public transport and promote cycling and walking	0	0	0	The policy has a neutral effect on this objective.
Objective 6: Protect and enhance local distinctiveness	0	0	0	The policy does support development outside the HDB therefore it avoids development on the Landscape Setting Area.
Objective 7: Protect and enhance the district's historic, environmental and cultural assets	0	0	0	The policy has a neutral effect on this objective.
Objective 8: Encourage and protect habitats and biodiversity and geodiversity (taking account of climate change)	0	0	0	The policy has a neutral effect on this objective.
Objective 9: Reduce land, water, air, light, noise pollution	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 10: Reduce vulnerability to, and manage flood risk (taking account of climate change)	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 11: Increase resilience to climate change	N/A	N/A	N/A	Not applicable to the purpose of this policy
Objective 12: Encourage careful and efficient use of natural resources including energy and encourage sustainable construction	0+	0+	0+	It is considered that the amendments to the policy have a neutral effect on this objective. <u>Main Modifications achieve clarification to ensure Policies SV1 and ED2B operate coherently and consistently. The Policy has a positive effect on facilitating redevelopment of previously developed sites in sustainable locations.</u>
Objective 13: Promote waste management	N/A	N/A	N/A	Not applicable to the purpose of this policy

Policy No. & Title	Core Strategy SV1			
SA Objectives	ST	MT	LT	Commentary
accordance with the waste hierarchy (Reduce, Reuse and Recycle)				
<p>SUMMARY: <u>Main Modification (Jan 2017) achieves clarification in ensuring Policies SSV1 and ED2B operate coherently and consistently. The Policy has a positive effect on facilitating residential development on previously developed sites in sustainable locations.</u> The policy has a major positive effect on objective 2 and a minor positive effect on objective 12 as it gives a clear guidance to facilitate meeting identified needs for housing in the Somer Valley.</p>				

Policy No. & Title	CORE STRATEGY POLICY RA1			
SA Objectives	Short term	Med term	Long term	Commentary
Objective 1: Improve the health and well-being of all communities	++	++	++	By requiring a settlement to have a primary school with sufficient capacity (or ability to expand) the Plan will ensure the educational needs of the existing population and those arising from a residential development proposal in that settlement can be accommodated. This should result in a major positive impact on this objective.
Objective 2: Meet identified needs for sufficient, high quality and affordable housing	+	+	+	<p>The policy change to require a primary school with sufficient capacity (or ability to expand) will help ensure the overall aim of the policy is achieved i.e. to allow residential development in the more sustainable settlements, and that sufficient, high quality and affordable housing is accommodated in sustainable locations.</p> <p><u>Main Modification (Jan 2017) achieves clarification in ensuring Policies RA1 and ED2B operate coherently and consistently. The Policy has a positive effect on facilitating residential development on previously developed sites in sustainable locations.</u></p>
Objective 3: Promote stronger more vibrant and cohesive communities and reduce anti-social behaviour, crime and the fear of crime	++	++	++	It has emerged through the preparation of the Placemaking Plan and consideration of planning applications that some primary schools are at or reaching capacity. In some cases, such as at High Littleton, there is currently no scope for any physical expansion. This means that some villages, whilst meeting the RA1 criteria, may have primary schools which do not have the capacity to meet the pupil needs arising from even small-scale windfall developments. In these cases sites for residential development will not be allocated in the Placemaking Plan. This also has implications for the RA2 settlements which also rely on rural primary schools in the larger villages to accommodate the pupil needs arising from new housing development. The cumulative impact on nearby primary schools of allowing successive even small-scale windfall residential schemes also needs to

Policy No. & Title	CORE STRATEGY POLICY RA1			
SA Objectives	Short term	Med term	Long term	Commentary
				be taken into account. By requiring a settlement to have a primary school with sufficient capacity (or ability to expand) will help to secure and maintain balanced and more self-contained communities and reduce the need to travel, accommodate the primary education needs of the existing population and those arising from a residential development proposal (as expected by Placemaking Plan Policy LCR3A).
Objective 4: Build a strong, competitive economy and enable local businesses to prosper	N/A0	N/A0	N/A0	This SA Objective is not applicable to the change to this policy <u>The policy allows efficient use of previously developed employment land. Applications for residential development or other uses will normally be approved unless there is a strong economic reason why this would be inappropriate.</u> <u>The policy has a neutral effect on this objective.</u>
Objective 5: Ensure everyone has access to high quality and affordable public transport and promote cycling and walking	N/A	N/A	N/A	This SA Objective is not applicable to the change to this policy
Objective 6: Protect and enhance local distinctiveness	N/A	N/A	N/A	This SA Objective is not applicable to the change to this policy
Objective 7: Protect and enhance the district's historic, environmental and cultural assets	N/A	N/A	N/A	This SA Objective is not applicable to the change to this policy
Objective 8: Encourage and protect habitats and biodiversity and geodiversity (taking account of climate change)	N/A	N/A	N/A	This SA Objective is not applicable to the change to this policy
Objective 9: Reduce land, water, air, light, noise pollution	N/A	N/A	N/A	This SA Objective is not applicable to the change to this policy
Objective 10: Reduce vulnerability to, and manage flood risk (taking account of climate change)	N/A	N/A	N/A	This SA Objective is not applicable to the change to this policy
Objective 11 Increase resilience to climate change	N/A	N/A	N/A	This SA Objective is not applicable to the change to this policy
Objective 12: Encourage careful and efficient use of natural resources including energy and encourage	N/A+	N/A+	N/A+	This SA Objective is not applicable to the change to this policy. <u>Main Modifications (Jan 2017) enables clarification in ensuring Policies RA1 and ED2B operate coherently and consistently. The Policy has a positive effect on</u>
