13. To note the resource implications set out in section 5 of the report, final scheme design and financial implications will require the approval of the Chief Financial Officer and Deputy Leader and Cabinet Member for Resources and Economic Development.

Reasons for the decision:

Since 2016 the Council and South West Counter Terrorism Advisors (CTSA's), with Avon & Somerset Police, have worked together on preventative measures to reduce the risk of a terrorist attack in the City. These include temporary hostile vehicle mitigations (HVM) for events, such as the Christmas Market and Remembrance Services and specific training for CCTV operatives, front-line staff, managers, and senior officers across private, public and third sector organisations, including regular deployments of Avon & Somerset Police's

Project Servator teams.

The Council with CTSA's have focussed attention on areas identified as crowded places, with the Chief Constable of Avon & Somerset Police writing to the Council on 21 February 2020 (Attached at Appendix 2) to recommend the

Council introduce an Anti-Terrorism Traffic Regulation Order ("ATTRO") in respect of all roads within the area defined within the map attached as Appendix 3.

The Council is now required to make a decision on a proportionate response to the Chief Constable's letter, which also takes into account the Council's duties under the Equality Act 2010 and public consultation carried out from November 2020 to January 2021, with consideration to the Accessibility Study and subsequent recommendations

Alternative options considered:

As per report.
