

Bath city centre security TRO consultation - survey

Thank you for responding to our consultation on Traffic Regulation Orders for Bath City Centre Security

We strongly recommend that you read
our [consultation support material](#) before answering
the survey.

This survey will give you an opportunity to state whether you support, partially support, or object to the Traffic Regulation Orders. There will also be a chance to leave your own comments about your position on this topic.

We'll use your answers to help us in our decision about whether to adopt this policy. Your comments may be made available in a public report following this consultation.

There are also some optional equalities monitoring questions, which we would be very grateful if you would take the time to answer.

Completing the survey should take no more than around **5 to 10 minutes**, depending on how much extra comment you would like to add, and whether you complete the equalities monitoring.
