Looking forward...

- Tackling the climate and ecological emergency 'we will lead the UK in climate and nature action, building a sustainable future for Bath and North East Somerset—net-zero, nature positive by 2030'
- Giving people a bigger say 'we will listen to and work with residents to act on their concerns'
- The right homes in the right places – improving availability of affordable housing, accessible to jobs and services
- Clean, safe and vibrant neighbourhoods - working with local communities to promote civic pride and preventative approaches
- Support for vulnerable adults and children – securing safe, effective services that meet the needs of our changing population
- Delivering for our children and young people – working with our partners to narrow the early years attainment gap
- More travel choices – making it easier for people to walk, wheel and use public transport to reduce transport emissions
- Healthy lives and places – working with health and other partners to tackle inequalities, promote healthy places, and support people to live healthier lives
- A new Economic Strategy - leading to better jobs and improved skills
