

Police Report for North Mendip

This report covers the North Mendip area, this encompasses East and West Harptree, Temple Cloud, Clutton, Farrington Gurney, Farmborough and Timsbury.

The space for the Neighbourhood Police Officer for the area has now been allocated and the officer will be joining the team at the start of September, after summer demand.

Crime statics covering North Mendip for past 3 months

There was a total of 108 crimes reported in the last 3 months, a similar amount was reported in the previous 3 month period.

There was a total of 63 Anti- Social Behaviour incidents reported an increase of 4 from the previous 3 months – A lot of these reports related to a particular family and this has now been dealt with so would hopefully see a decrease in ASB numbers.

Talk to Us events

We have begun to bring these back after the Covid pandemic – Currently we have them set up in Timsbury, Farmborough and Clutton- these are all monthly at the moment. We hope to start up others in the remaining villages as soon as the team numbers are back up.

We have also been invited to attend various village events throughout the summer.

Please follow the facebook page

‘Radstock and Keynsham Neighbourhood Policing’ for details of events we are attending/ holding, along with good news stories and other information.
