**3. PROPOSAL**

The modification of the existing parking restrictions along the lower section of Bloomfield Road, Bath.

The proposals are shown on the attached drawing.

**4. REASON**

Please refer to the Statement of Reasons.

The Council has had in mind and discharged the duty (as set out in section 122(1) of the Road Traffic Regulation Act 1984) to secure the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians) so far as practicable. It has also had regard to the factors which point in favour of imposing revised parking restrictions and the relocation of parking bays to facilitate the installation of two uncontrolled pedestrian crossing points with associated footway buildouts and a priority road-narrowing feature. It has balanced the various considerations and concluded that it is appropriate to promote these measures, in order to support the delivery of the proposed pedestrian crossing facilities. The Council has also considered and discharged its network management duty under section 16 of the Traffic Management Act 2004. It has concluded that the proposed revised parking restrictions and relocation of parking bays are consistent with that duty, having regard to its other policies and objectives, including the need to improve pedestrian safety, maintain efficient traffic flow, and support safe access to public transport.

**5. IMPACT ON EQUALITIES**

An Equality Impact Assessment has been undertaken in relation to the introduction or modification of parking restrictions, which is available upon request. The Council has had due regard to the needs set out in section 149(1) of the Equality Act 2010. It considers that the proposed Order is consistent with the section 149 public sector equality duty, which it has discharged.

**6. IMPACT ON HUMAN RIGHTS**

The proposals are considered to have a minimal impact on human rights (such as the right to respect for private and family life and the right to peaceful enjoyment of property). However, the Council is entitled to affect these rights where it is in accordance with the law, necessary (in the interests of public safety or economic well-being, to prevent disorder and crime, to protect health, or to protect the rights and freedoms of others), in pursuit of a legitimate aim and proportionate to do so. The proposal(s) within this report are considered to be in accordance with the law, necessary, in pursuit of a legitimate aim and proportionate.

**7. SOURCE OF FINANCE**

The scheme is included in the 2025/26 Local Active Travel and Safety Programme.

**8. CONSULTATION REQUIREMENT**

The proposal requires consultation with the Chief Constable, Emergency Services, Road Haulage Association, Freight Transport Association (Logistics UK), Parking Services, Waste Services, Ward Members and the Cabinet Member for Sustainable Transport Delivery.
