3. **PROPOSAL**

To change the parking arrangements and bus stop locations along Lower Oldfield Park to improve accessibility and public transport services.

The proposal is to remove an existing 13-metre Zone 5 'Permit Holders Only' parking bay outside 100–102 Lower Oldfield Park. This is to make space for a new eastbound bus stop with a widened footway, improving safety and convenience for bus passengers, enhance pedestrian access and reduce congestion. The relocation of the current bus stop outside 78–82 Lower Oldfield Park to the above location would enable the proposed installation of a new 18-metre Zone 5 'Permit Holders Only' parking bay outside 80–82 Lower Oldfield Park, which will replace the permit bays removed to accommodate the new bus stop, ensuring minimal impact on residents' parking provision.

These proposals are shown in **Appendix 1**.

4. **REASON**

Please refer to the Statement of Reasons.

The Council has had in mind and discharged the duty (as set out in section 122(1) of the Road Traffic Regulation Act 1984) to secure the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians) so far as practicable. It has also had regard to the factors which point in favour of imposing the changes to the parking arrangements in this area. It has balanced the various considerations and concluded that it is appropriate to promote relocate the permit holder parking bays and bus stop. The Council has also considered and discharged its network management duty under section 16 of the Traffic Management Act 2004. It has concluded that the proposal is consistent with that duty, having regard to its other policies and objectives.

5. IMPACT ON EQUALITIES

An Equality Impact Assessment has been undertaken in relation to the introduction and/or modification of parking restrictions, which is available upon request. The Council has had due regard to the needs set out in section 149(1) of the Equality Act 2010. It considers that the proposed Order is consistent with the section 149 public sector equality duty, which it has discharged.

6. IMPACT ON HUMAN RIGHTS

The proposals are considered to have a minimal impact on human rights (such as the right to respect for private and family life and the right to peaceful enjoyment of property). However, the Council is entitled to affect these rights where it is in accordance with the law, necessary (in the interests of public safety or economic well-being, to prevent disorder and crime, to protect health, or to protect the rights and freedoms of others), in pursuit of a legitimate aim and proportionate to do so. The proposal(s) within this report are considered to be in accordance with the law, necessary, in pursuit of a legitimate aim and proportionate.

The scheme is included in the 2025/26 Local Active Travel and Safety Programme.

8. CONSULTATION REQUIREMENT

The proposal requires consultation with the Chief Constable, Emergency Services, Road Haulage Association, Freight Transport Association (Logistics UK), Parking Services, Waste Services, Ward Members and the Cabinet Member for Sustainable Transport Delivery.
