**2. LEGAL AUTHORITY**

This proposal is made in accordance with the Road Traffic Regulation Act 1984, which under Section 1 provides, generally, for Orders to be made for the following reasons, and in the case of this report specifically for the reason(s) shown below:

(a)	for avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, or	X
(b)	for preventing damage to the road or to any building on or near the road, or	

(c)	for facilitating the passage on the road or any other road of any class of traffic (including pedestrians), or	
(d)	for preventing the use of the road by vehicular traffic of a kind which, or its use by vehicular traffic in a manner which, is unsuitable having regard to the existing character of the road or adjoining property,	
(e)	(without prejudice to the generality of paragraph (d) above) for preserving the character of the road in a case where it is specially suitable for use by persons on horseback or on foot, or

(g)	for any of the purposes specified in paragraphs (a) to (c) of subsection (1) of section 87 of the Environment Act 1995 (air quality)	

This proposal is also made in accordance with Section 90G of the Highways Act 1980, which empowers the Highway Authority to construct traffic-calming works for the purpose of reducing vehicle speeds. The measures proposed in this report are therefore brought forward under this provision.

### 3. **PROPOSAL**

To introduce a 20mph speed limit on various roads in Tunley village.

- B3115 Tunley
- The Woodlands, Tunley
- Tunley Hill, Tunley
- Overdale, Tunley
- Stoneage Lane, Tunley
- Sarabeth Drive, Tunley
- Palmers Lane, Tunley

The proposals are shown on the attached drawing.

### 4. **REASON**

Please refer to the Statement of Reasons.

The Council has had in mind and discharged the duty (as set out in section 122(1) of the Road Traffic Regulation Act 1984) to secure the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians) so far as practicable. It has also had regard to the factors which point in favour of imposing a 20mph speed limit. It has balanced the various considerations and concluded that it is appropriate to promote a 20mph speed limit. The Council has also considered and discharged its network management duty under section 16 of the Traffic Management Act 2004. It has concluded that the proposed a 20mph speed limit is consistent with that duty, having regard to its other policies and objectives.

**5. IMPACT ON EQUALITIES**

An Equality Impact Assessment has been undertaken in relation to the introduction or modification of speed limits, which is available upon request. The Council has had due regard to the needs set out in section 149(1) of the Equality Act 2010. It considers that the proposed Order is consistent with the section 149 public sector equality duty, which it has discharged.

**6. IMPACT ON HUMAN RIGHTS**

The proposals are considered to have a minimal impact on human rights (such as the right to respect for private and family life and the right to peaceful enjoyment of property). However, the Council is entitled to affect these rights where it is in accordance with the law, necessary (in the interests of public safety or economic well-being, to prevent disorder and crime, to protect health, or to protect the rights and freedoms of others), in pursuit of a legitimate aim and proportionate to do so. The proposal(s) within this report are considered to be in accordance with the law, necessary, in pursuit of a legitimate aim and proportionate.

**7. SOURCE OF FINANCE**

This proposal is being funded through the 2025/26 Local Active Travel & Safety Programme.

**8. CONSULTATION REQUIREMENT**

The proposal requires consultation with the Chief Constable, Emergency Services, Road Haulage Association, Freight Transport Association (Logistics UK), Parking Services, Waste Services, Ward Members and the Cabinet Member for Sustainable Transport Delivery.

The responses to the informal consultation can be found in TRO report number 3.

**9. OBJECTIONS / COMMENTS RECEIVED (following the public advertisement of the proposal(s))**

No objections or negative comments have been received following the advertisement of the proposal(s).

One comment of support received following the advertisement of the proposal(s):

As a resident of Tunley, I would like to express my strong support for the proposal.

My one comment/suggestion is that the 20mph zone should extend further down Stoneage Lane as the farm generates some traffic.

**10. RECOMMENDATION**

That the Traffic Regulation Order as advertised is sealed.

Traffic Management & Network Manager

**11. DECISION**

As the Officer holding the above delegation, I have decided that the Traffic Regulation Order as advertised be sealed.

The Council's policy framework has been used as the basis to develop the scheme with full engagement with stakeholders across the area.

I further note that the issue of deciding whether to implement any scheme is a matter of broad judgement, taking into account the wider transport and climate aims of the Council rather than a purely mathematical analysis on the numbers of positive or negative responses.

The arguments both for and against the scheme were clearly identified and were considered fully as part of the decision-making process before I made the final decision as set out above.
