

Are people in your school WASTING ELECTRICITY?

Date: _____ **Time:** _____

Walk around the school and check each room to see if lights and appliances have been left on unnecessarily. Record what you find in the table below.

Room	Computers  or	Whiteboards  or	Other appliances e.g., 	Lights  or
TOTAL				

Make a note of any other ways that you see electricity being WASTED e.g., appliances left on standby.

Record any rooms that are very energy EFFICIENT.

Share your results with the rest of the school and explain WHY it is important to save energy. Remember to tell everybody about the energy efficient rooms you found, as well as the examples of wasted electricity.
